

The Purpose of the HST Booster Club

The purpose of our Booster Club is to provide positive support and assistance to the football players and coaching staff before, during and after the football season. We sponsor events and provide funds for the purchase of items that are not covered by the athletic budget.

We rely on the energy and imagination of parents to support the goals of the football program. There are many different opportunities for parents to become involved in the Booster Club. We're sure that you will find an activity or event that would benefit from your involvement. By contributing your time, you show support for our sons and encourage their efforts.

We ask that you volunteer for at least one event or activity this season. The time commitment is small but the benefits are great. We think that you will enjoy the time you'll be spending with the players and other parents.

We can't do this alone. It is important that we have strong support from parents and family, so I invite you to participate in the Booster Club. Do anything you are comfortable doing.
